

More Information

At United Drug Testing, we are committed to providing fast, accurate, and reliable drug testing services with the highest level of quality and care. We understand the importance of timely results, which is why most screenings are completed within 24 hours.

Our strict Chain-of-Custody protocols ensure the integrity of every sample, giving you confidence in legally defensible results. Whether you're an employer, organization, or individual, we're here to support you with exceptional service, expert guidance, and, when needed, professional testimony.

Your trust is our priority, and we take pride in being your dependable partner in drug testing.
